

Novac Group Pty Ltd trading as Floorin reference

To whom it may concern

I am happy to provide letter of reference for Novac Group Pty Ltd trading as Floorin. I have had the opportunity to work with Novac Group and they have been contracted to Hutchinson Builders to undertake floor leveling works at the Ventura project at Mermaid Waters. They have very high standards and are excellent to meet required time schedules with exceptional communication skills with other trades and site management.

We have no hesitation to recommend Novac Group to carry out flooring works and will use them for future projects

Michael Brotherstone
Project Manager

A handwritten signature in blue ink, appearing to read 'Michael Brotherstone', is written over a faint, light blue circular watermark that contains the Hutchinson Builders logo.
